Your
Wedding
Album

Fine art, archival quality to keep your most precious memories beautifully presented and protected for generations to come.

Why is a wedding album so important?

Legacy

Your album is produced with archival, fine art and museum-grade materials that won't yellow, fade or age like high street printing. Your album will last for generations to come.

Security

Did you know a USB only lasts 10 years? An album will never crash, outdate or fail. It's the most secure way to preserve your memories for you and your family to cherish for 100+ years. I can't recommend a 'hard copy' enough.

Memories

It's the best way to tell your love story. A perfect ending to your special day that you worked so hard to create. I can curate a design that flows just how the day went so you can be transported to your favourite memory whenever you like.

About Folio Albums

Lovingly made
for you in the
UK

How is your album produced?

Handcrafted in Yorkshire

Hand-bound and using the finest quality cover materials, papers and inks, your album will stand the test of time.

My supplier takes so much care when producing your keepsake which is why I trust them wholeheartedly.

Eco Credentials

Your album is crafted to last a lifetime, but not at the expense of the environment and its delicate global ecosystem. All the materials come from sustainable sources and, wherever possible, they're also 100% recycled.

An Investment...

Fine Art Book

The Fine Art Book is quite simply a showstopper. The Fine Art Book is printed using the latest pigment inks on matte fine art paper and open out flat with an almost invisible crease.

You can choose from beautiful, genuine leathers to wonderfully soft cotton covers and a range of sizes.

Engraving

Using a laser your text or bespoke motif is engraved in to the cover material. The process works by removing the top layer of the material to reveal the natural hues underneath. Engraving is available on most materials.

Available fonts: Bebas, Bombshell, Century, Century Gothic, Courier, Futura, Gill Sans, Helvetica, Magarella, Melinda, Montserrat, Prata, Times, Trajan and Univers.

Debossing

Using traditional methods, letters are pressed into the cover without ink or foil for an elegant, classic presentation that's wonderful to the touch. Blind debossing is mostly available on Contemporary Leather and Purity cover material ranges.

Available fonts: Coronation, Helvetica, Bebas & Prata in uppercase characters only.

Foiling

Gold

Silver

Heat is used to transfer metallic foil to the album cover for an eye-catching enhancement. Foil debossing is available on a limited range of materials.

Available fonts: Coronation, Bebas & Prata in uppercase.
